Happy birthday Timmy!
I got you a small cake.
Ah, excellent. I do adore cake.
Timmy! You're...
Speaking? Yes of course. It's nothing unusual.
Now, I wish to understand the significance of this anniversary of my escape from the womb. Once I do, victory shall soon be mine!
We're not watching that show anymore.
Whuh?
Venture Brothers?

You're thinking about Sabrina again, aren't you?
So what if I am?
Are you in love with her or something?
That's just it. I don't really know. I'm attracted to her, but that's not wierd, maybe I just need a friend.
You and her never really do anything outside of work.
Maybe that's the missing piece. After all I don't hardly have any single friends that I haven't also been lovers with.
You know what I mean, right?
Oh believe me, I do.

2/12/06 A TINA & MAX BRAE RABBIT

Sabrina, I've been thinking.
Here it comes.
I was thinking the two of us might learn to get along better if we did more together.
Funny, I was thinking the opposite.
Seriously, I really believe we should try having a girls' night out.
Would you promise NOT to molest me in any way?
I... promise I'll try very hard!
Not good enough.

Every girl loves to shop for clothes! It's a genetic thing!
Perhaps, but it's not really MY thing.
You're missing out! You get to look through all the choices, try them on in the dressing room to see how they fit,..
Why do I need to do that? I know what size I am.
I guess I should have known. You're not exactly a fashion plate.
After all, you dress like some character outta Scooby-Doo.
Hey!
©EWS

There's nothing better than shopping for sexy under-things.
What's the point, really? No one ever sees 'em except... You know.
You think this is only for showing off to your raccoon before sex?
It's not?
There is that, sure. but there's so much more.
It's all about attitude. When you've got something lacey and silky and a little slutty against your skin, you just feel sexier and more confident overall.
RUB
RUB
It's empowering. You'll feel ready to take on the whole world.
Nahhhhh.....
really?
You'll never know unless you try, my dear.

I'd say clothes shopping is more something you enjoy than I do.
I thought it was something everyone enjoys, like sex, or pizza.
Well then, if we're both going to have fun, I guess we need to do something you like.
That would be the fair thing to do.
So... where do we go?
Ah.

WHEEEEEEEEE!
This is a really cool place!
Glad you like it
I never realized how many of these things could be applied to Studio work if you're creative enough.
Studio work?
Yeah! For starters, just imagine what could be done with these water rockets!

You sure bought a lot of toys.
- each with a disgusting double purpose.
Damn right!
By the way. I got you a little something while we were in there.
You bought me a robot toy? That's -- nice.
Don't read too much into it.
Hey, she's cute!
- and evil, much like you.
Well, aren't you just TOO sweet!
Kiss kiss!
Hey. cut it out!

I've never really been to a bar before.
BEER
Ah, a virgin huh?
I come here sometimes to relax after work.
Normally, I'd come here with the girls from the studio, like Tina or Sheila or the others.
Order whatever you like. I'm buying.
Trying to get me drunk?
Only if thats what you want. I know I don't like getting drunk myself.
You have been though?
Occasionally I'm foolish enough to get into drinking contests
I've drunk more than a few people under the table
Really.
The only one I've never been able to beat is Sheila.
I swear, that girl must store extra booze in her knockers

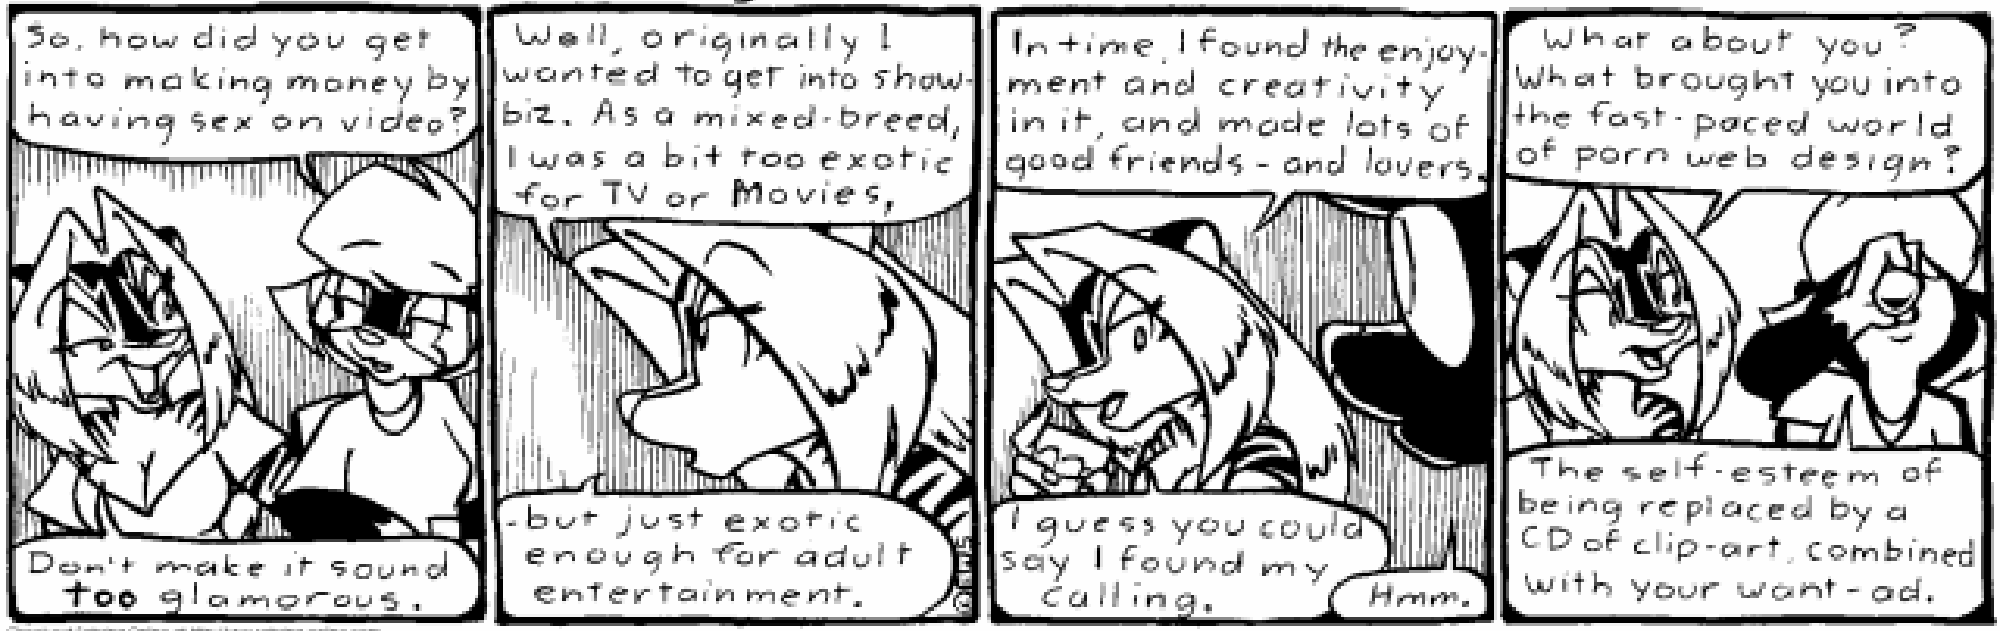
"Life histories"



So, how did you get into making money by having sex on video?
Don't make it sound too glamorous.
Well, originally I wanted to get into show-biz. As a mixed-breed, I was a bit too exotic for TV or Movies,
-but just exotic enough for adult entertainment.
In time, I found the enjoyment and creativity in it, and made lots of good friends - and lovers.
I guess you could say I found my calling.
Hmm.
What about you? What brought you into the fast-paced world of porn web design?
The self-esteem of being replaced by a CD of clip-art, combined with your want-ad.

Y'know, It's nice being able to talk to you without you constantly coming on to me.
Well, it's nice talking to you without you being aloof and superior
©EWS
I do that? I didn't realize. I guess I'm sorry about that.
Don't worry about it. It's just your reaction to me being as forward as I am.
However, if we keep having fun like this, you just might become a normal woman!
I think you could use a new definition for "normal".

Take it easy on that stuff!
I didn't know you drank Kahlua.
Yeah, Amy gets some at the grocery from time to time. I like it pretty well. Tastes a little different here though.
That's probably because that stuff has a lot higher alcohol content than what you normally get at a grocery store.

I remember when I first saw you, and that cute prudish way of yours, I wanted to jump your bones, and we went through all that... ugliness.
Over the time spent around you, my feelings toward you changed to something - more than just a simple attraction.
I can't say if it's only the good feelings of a platonic friendship or something deeper, but I'd love more opportunities like this to help me find out.
I'd also love to find out how tough this would be to say if you were awake to hear it

Thanks for the help. You know, you're not quite what I expected.
Hi.
How do you mean?
Based on what I've heard from Sabrina, one might think you were some kind of sex-crazed seductress.
Who says I'm not?
Seems like someone would expect that, instead of helping Sabrina, you'd be more likely to take advantage and film the results.
No offense.
That sounds like something she might say.
On that note, ever thought about a career in adult video? You're pretty stacked and the whole MILF thing is very big right now.
DIG DAG!
OK, that's a bit closer to my expectations.

Thomas?
Hmmm?
When Sabrina's boss dropped her off, she said I'd be good in adult movies.
What do you think about that?
I think that's a pretty great idea.
Really?
Would anyone else get to see the movies besides us?
Probably.
Oh, then I don't like it at all.

What's this about the website moving to a new host?
It shouldn't be anything to be concerned about.
EVERYTHING IS WORKED OUT, SO AS LONG AS NOTHING UNUSUAL GOES WRONG, THE CHANGE WON'T BE NOTICEABLE AT ALL.
That's good to hear.
Yeah, this won't be a big deal at all.
If there's one thing I know the readers like,
It's consistency.
Of course.

Hello Zig.
Would it be OK if I took off work today?
That's fine. I'd imagine you're probably feeling pretty hung over.
I don't have that problem myself.
Thanks. Except for the aftermath, I had a pretty good time.
That's nice to hear.
I also appreciate you behaving yourself while I was unconscious.
I should get points for that, y'know.
Yeah, yeah. good for you.

BEAST WARS TRANSFORMERS
SILVERBOLT 1998
These things are stupid!
Robots can't turn into animals!
They should make VEHICLE toys using that level of technology and articulation.
Robots in Disguise
SIDE BURN 2001
It's too complex to transform!
It's just a stick figure with car parts hanging off it!
Where's the metal?
What they really need to do is make toys that look like the ORIGINAL Characters.
TRANSFORMERS: ENERGON
DOWNSHIFT 2004
The gimmicks spoil the design!
Too simple! Looks like it was made for children!
Sure, it LOOKS like the old character, but it's not REALLY the old character.
TRANSFORMERS: CLASSICS
BUMBLEBEE 2006
It's not a VW Beetle!
Where's the metal?
It should be exactly like the first toy,
except better.
Why do they keep going back to the old stuff? How about something new & original?
The only universal constant over time is fanboy complaint.
Seen the live-action movie designs? Those are new and original.
Those suck worse than suck itself!!

Hello again feeling better?
I dozed off again, didn't I?
Sheesh, this is embarrasing. I keep conking out like this, and it would be too easy for someone to take advantage.
You think I'd do that?
No, of course not.
Tempting, maybe, but it's not right.
Besides, where's the fun or challenge in that?
Hm!
What?
I think I just understood Zig Zag a little better.
